PT. Granesia Group Pikiran Rakyat

Aug 2019 – Nov 2019

Web Developer – Internship

- Responsible for the development of a website within three months at PT Granesia Group.
- Contribute to the fulfillment of project needs and strategies set by the team.
- The experience at PT Granesia Group significantly contributed to my professional growth, providing insights into efficient web development project execution and strategic alignment.

PROJECTS

MUSICATION – DESIGN AND APPLICATION

June 2023

- Took an active role in the development of a music education app for children.
- Implemented the design using Figma, FL Studio, and Adobe Animate.
- Enable children to learn the name, image, and sound of each musical note in an interactive and fun way.

ABATA LEARN – DESIGN UI

June 2023

- Play a role in UI design of hijaiyah learning application for children.
- Implemented UI design using Figma.
- Provide an engaging learning experience about hijaiyah letters, including their shapes, how to read them, and write them.

VANTECH BLOG - WEBSITE

June 2022 – August 2022

- Led the development of the VANTECH BLOG website within two months.
- Implemented a variety of programming languages, including PHP and utilized technologies such as Bootstrap.
- Produced a website that met technical requirements while maintaining cohesion with VANTECH BLOG's overall goals.
